

Monument Hill Street O

21 February 2018

A good turnout on a pleasant evening to kick-off the new year. Norm was oh so close to taking out the MTB event with the fastest time but, unfortunately, rode right past a control. Tony produced a strong run on the long course with Cathy setting a very competitive time for the medium. It was great to see several families tackle the short course, with Matt and young Harry setting the fastest time.
