

Willow Park Street O

7 November 2018

A moderate turnout on a cool evening for the first event of the season, with several regulars missing but a few new faces.

Tony had a solid run to win the Long Foot course but Fab and Daniel were less than 5 minutes behind. Glen started his season with a win on the Medium Foot course, with congratulations to Gendrine and 10-yo Bailey completing their first event. Cathy and daughter Zoe did a great job on the Short Foot course, with the Collins family and their three kids having a good first outing to finish in less than an hour.

Rick continued his strong form on his MTB with good route choice and speed; he only needs to polish up on the geometric differences between squares and triangles.
